

AMENDMENTS TO THE SPECIFICATION

In accordance with 37 C.F.R. §1.125, a substitute specification has been included in lieu of substitute paragraphs in connection with the present Preliminary Amendment. The substitute specification is submitted in clean form, attached hereto, and is accompanied by a marked-up version showing the changes made to the original specification. These changes have been made in an effort to place the specification in better form for U.S. practice. No new matter has been added by these changes to the specification. Further, the substitute specification includes paragraph numbers to facilitate amendment practice as requested by the U.S. Patent and Trademark Office.

AMENDMENT TO THE DRAWINGS

Applicant respectfully requests the Examiner's approval of the following drawing correction indicated in red ink on the attached sheet. The following is the correction.

Please change "75.4nm" to "74.5nm" in Fig. 6, as indicated by the correction in red ink on the enclosed annotated copy of the drawing.

No new matter has been entered via the drawing correction. The correction has been made to correct a minor typographical error. Corrected formal drawings will be prepared in accordance with the Notice of Draftperson's Patent Drawing Review Form PTO-948 and will be filed upon approval by the Examiner and subsequent indication of allowance of the present application.
